PROFESSIONAL SUMMARY

Motivated and ambitious Front-End Web Development student with a strong passion for technology, innovation, and continuous learning. Skilled in building responsive and user-friendly websites using HTML, CSS, and JavaScript. Possesses a solid understanding of modern web development principles, problem-solving techniques, and user-centered design. Dedicated to improving technical expertise through hands-on projects, collaborative learning, and real-world applications. Seeking opportunities to contribute to impactful digital solutions while growing into a highly skilled software engineer.

I also focus on areas of Artificial Intelligent (AI), Large Language Models (LLMs), and Small Language Models (SLM). Am also focused on building global digital projects that would reach the height of Chatgpt, Kimi, Gemini, etc.

—

TECHNICAL SKILLS

- HTML5
- CSS3
- JavaScript
- Responsive Web Design
- Git & GitHub
- Version Control
- Web Accessibility Fundamentals
- User Interface Design
- Cross-Browser Compatibility
- Debugging and Troubleshooting
- AI-Assisted Development Tools
- Problem Solving

EDUCATION

Front-End Web Development Training
ENSG AI Training Program - Turing Tech Academy
2026 – Present

Senior Secondary School Certificate (SSCE)
Divine Comprehensive Secondary School
Year of Completion: 2025

PROJECTS

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase technical skills, projects, and professional growth.
- Implemented modern design principles and mobile-first development practices.
- Optimized layouts for desktop, tablet, and mobile devices.

Responsive Landing Page

- Developed a modern and visually appealing landing page using HTML and CSS.
- Applied responsive design techniques to ensure compatibility across multiple devices.
- Improved understanding of layout structures, typography, and user experience principles.

A food website

- Built a functional online food restaurant website using html and css
- Used glowing effects and animations to make it realistic.
- Strengthened understanding of responsive design

Student Registration System

- Created a web-based registration interface for collecting and organizing student information.
- Implemented structured forms and validation techniques.
- Focused on usability, accessibility, and efficient data collection.

CERTIFICATIONS AND TRAINING

- Front-End Web Development Training
- AI-Assisted Development Training
- Self-Directed Learning in Modern Web Technologies
- Ongoing Professional Development in Vibe Engineering

SOFT SKILLS

- Communication Skills
- Team Collaboration
- Leadership Potential
- Critical Thinking
- Adaptability
- Time Management
- Creativity
- Attention to Detail
- Continuous Learning
- Problem Solving

INTERESTS

- Web Development
- Software Engineering
- Artificial Intelligence
- Technology Innovation
- Reading
- Research and Learning
- Personal Development
- Digital Product Design

CAREER OBJECTIVE

To build a successful career in software and web development by creating innovative and impactful digital solutions. I aim to continuously improve my technical and professional skills, contribute meaningfully to collaborative projects, and grow into a world-class software engineer capable of solving real-world problems through technology.

AWARDS & HONORS

- Best Graduating Student Award

Recognized as the overall best graduating student for outstanding academic performance, discipline, leadership potential, and commitment to excellence.

- Best Behaved Student Award

Received recognition for active participation, dedication, respect and obedience in the school.

- Best Male Academic Excellent Award

Won a prize as the overall best male performer in the school due to the discipline and consistency that help me strive and maintain the first position in class from Junior classes to Senior years in school

- Was recommended and made the group rep of Group 11 in my tech environment

-Commended for great job even after group reshuffle

**** I BELIEVE THAT SUCCESS IS BUILT THROUGH CONSISTENCY, LEARNING AND ACTION. I REMAIN DEDICATED TO DEVELOPING MY SKILLS, EMBRACING CHALLENGES AND CREATING SOLUTIONS THAT MAKE A DIFFERENCE ****
